Town of Český Krumlov

The district town of Český Krumlov is situated in the southern part of the Czech Republic near the Austrian border (distance to Prague 180 km / 113 miles). Český Krumlov is situated 492 metres above sea level in the Vltava river valley at the foothills of the Blanský Forest Nature Reserve.

In 1963 the town was declared a municipal historical preserve, and in 1992, together with Prague and Telč, it was added to the UNESCO list of cultural and natural heritage.

The State Castle and Chateau of Český Krumlov, which was included to the list of UNESCO World Cultural Heritage Monuments in 1992, ranks among the most important European sights. The whole castle complex can be passed through and is open to the public. The exterior tour shows a complex of forty richly decorated Renaissance and Baroque buildings and palaces, creating an impressive noble residence, situated around five castle courts, and the Baroque castle garden spanning an area of ten hectares.

The castle routes, the 1st Guided Tour and the 2nd Guided Tour of Český Krumlov Castle, represent historical apartments from the 16th, 18th and 19th centuries. The Castle Lapidarium, main cellar area, has been newly arranged and is now used as a lapidarium where the original statues from Cloak Bridge and Castle Garden are stored. The most important monument, the Baroque Theatre situated on the Vth Castle Courtyard, ranks among the most completely preserved Baroque theatres in Europe, with its original theatre fund of which contains preserved theatre building, auditorium, orchestra pit, stage, stage technology, machinery, coulisses, librettos, costumes etc. Various castle interiors are also used for exhibitions of contemporary Czech and foreign artists on the IIInd, IIIrd and IVth Castle Courtyard..
